gritcontractingco.com
8786 Egan Dr., Savage, MN 55378

Self-performing specialty and site construction for Minnesota's public owners, prime contractors and HOAs. Our own crew builds boardwalks, trails, retaining walls, fencing and site work, and Cari and Eric are on every job. "Our work ethic is the definition of our company name."

CORE COMPETENCIES

- Boardwalks, bike paths & trails
- Small and large retaining walls, poured walls and concrete flatwork
- Helical pile installation
- Site grading, excavation and demolition
- Erosion control
- Fence installation, from parks to secured facilities
- Structures, sheds and shade structures
- Trucking & hauling: dirt, gravel, rubble and debris
- Tree removal
- Specialty work at operating facilities: exhibit work and masonry repair

Electrical or plumbing in scope? We bring in licensed subcontractors, so you still get one complete project.

WHAT SETS US APART

- **Owner and field lead on every job.** Eric has been in the trade since he was 14. Surprises get solved in house and the job keeps moving.
- **One crew, several scopes, one mobilization.** Walls, fencing, grading and site fixtures under one subcontract and one setup.
- **Direct jobsite contacts.** 2–3 people you can text or call, a schedule you can share, change orders in writing.
- **Closeout walkthrough.** A punch list, plus notes and photos of the work.

PAST PERFORMANCE

- **Masonry repair, public facility:** 12 walls across 2 buildings. Damage was worse than predicted; finished in 12 days on site, 3 days ahead of schedule.
- **Security fence, secured state facility:** 12,000 linear feet, timed around the site's own schedule.
- **Sheet pile + block retaining wall, south metro:** 1,250 sq ft and 802 sq ft under one subcontract, one mobilization.
- **Emergency response, public facility:** crew on site within an hour; no further damage to the building.
